**Handeholder Develops Mobility Holster for Miura Systems M010**

*New Unit Joins Established Family of Versatile and User-Friendly Payment Holders*

Ann Arbor, Mich. – Handeholder Products, Inc. today announced the release of a custom holster for the Miura Systems M010 mPOS (mobile payment) device. The latest in their line of Mozee holsters ([www.handeholder.com/Mozee\\_holsters-main.html](http://www.handeholder.com/Mozee_holsters-main.html)), the M010 holster model joins the previously announced holders for the Ingenico Group's iSMP4, and the Verifone e355/e265. Holsters for additional mobile payment device models and brands are currently in development.

“We’re excited to add coverage for this new brand of mobile payment devices,” said Beau Keyes, VP of Marketing and Business Development, Handeholder Products, Inc., “This latest holster is specifically molded for the M010 and provides users with a holding solution option that keeps their device truly mobile.”

Each sturdy, but still slightly flexible, Mozee holster has an integrated belt clip. It is this belt clip, coupled with the included Universal Mozee Mount ([www.handeholder.com/Mozee\\_accessories.html](http://www.handeholder.com/Mozee_accessories.html)), that makes the holster so versatile. Unclip the holster from a belt and move it instantly to a tablet by locking it into the attached mount piece. Move the holster to other locations with additional mount pieces; for example; to a wall, countertop, vehicle dash, clipboard, cash register, back of a cellular phone, or any other required location. Each universal mount piece fastens to the back of a hard surface using secure foam tape strips.

“Our clients rightfully expect all Handeholder products to be that of high quality and extreme reliability,” said Keyes. “Users of the Miura M010 deserve the same consideration, and we’ve taken great care to produce a dependable yet still affordable product for them.”

The Mozee M010 holster is available for pre-order now at [www.handeholder.com/mozee\\_M010\\_holster.html](http://www.handeholder.com/mozee_M010_holster.html), or by calling 734.665.7052. Pricing starts at \$19.99 for a package of one holster and one mount piece. The following bundles are also available; a 5-unit Small Business Bundle, 10-unit Medium Business Bundle, and 25-unit Enterprise Bundle. Additional individual Universal Mozee Mounts are priced at \$2.00, and have the same bundle options.
